FOREWORD

Title 29, Code of Federal Regulations (CFR), Part 29, outlines the requirements for registration of acceptable apprenticeship programs for federal purposes, and sets forth labor standards to safeguard the welfare of apprentices. Registration of programs are approved by the Office of Apprenticeship and Training, Employer and Labor Services (OATELS), U.S. Department of Labor, or by a State Apprenticeship Council/Agency (SAC/SAA) recognized by OATELS as the appropriate body for approval of local apprenticeship programs for federal purposes. Title 29, Code of Federal Regulations, Part 30, sets forth the requirements for equal employment opportunity in apprenticeship that all registered apprenticeship programs must follow.

The purpose of the enclosed National Guideline Standards is to provide policy and guidance to a local JATC in properly developing Apprenticeship Standards for Industry approval and subsequent Registration Agency acceptance. The National Guideline Standards and Selection Procedures developed by the National Joint Carpentry Apprenticeship and Training Committee (NJCATC), for the Carpentry Industry, are certified by the Office of Apprenticeship Training, Employer and Labor Services, U.S. Department of Labor, as substantially conforming to the requirements of Title 29, CFR Parts 29 and 30. State Apprenticeship Agencies recognized by OATELS to register local programs, and/or local laws and regulations, may impose additional requirements that must be addressed in local Apprenticeship Standards.

Standards must be properly registered, as per Industry Policy, by each JATC that undertakes to carry out an apprenticeship training program. Local Apprenticeship Standards are the written plan delineating the terms and conditions for the recruitment, selection, employment, training, and supervision of apprentices. Local Apprenticeship Standards must meet the requirements of OATELS, U.S. Department of Labor, and of any applicable State Apprenticeship Agency.

NATIONAL JOINT APPRENTICESHIP AND TRAINING COMMITTEE POLICY STATEMENT

Meeting the training needs of the Carpentry Construction Industry is the primary objective of the NJATC. The foundation of our philosophy lay in the belief that training, and training alone, will determine the degree of employability for members of the United Brotherhood of Carpenters and Joiners of America (UBCJA).

The NJATC believes that through quality training programs the membership of the UBC is provided with the skills, knowledge and abilities necessary to maintain performance superiority. This exceptional efficiency will enable all signatory contractors and contractor groups to produce the highest quality of work at the lowest possible cost. The Carpenters International Training Fund (CITF) strives to provide the education and training necessary to improve the quality of life for all signatory contractor members.

The NJATC believes that only through quality training programs can the membership be afforded employment that will provide a high standard of living. The NJATC recognizes there are no shortcuts to becoming a competent journey-level craft worker. Only through meaningful standards, adopted by a highly organized program devoted to appropriate guidance, personal commitment and consistent discipline, can this level of individual competency be accomplished.

The NJATC believes a uniform National Apprenticeship Training Program is essential to provide the most highly skilled workers and the most productive craft-workers. It believes that National Skills Standards are necessary to establish meaningful benchmarks that will allow the work processes that a journey-worker must demonstrate to be identifiable and consistent.

The NJATC believes that through its National Apprenticeship Programs, a clear-cut path for career development and occupational training is provided. The opportunities afforded are limited only by the individual's interest and aptitude. Meaningful, industry-driven apprenticeship produces competent journey-workers and thus insures the continued availability of a highly skilled workforce.

The NJATC believes it must continue to have a vision of the future while remaining faithful to its original commitment to meet training needs. Maintaining focus on this central objective – quality training - will lead the United Brotherhood of Carpenters into a bright and prosperous future.

The NJATC recognizes that its reason for existence revolves around serving and assisting the members of the United Brotherhood of Carpenters (UBC), and all signatory contractors and contractor groups at all levels in all apprenticeship and training matters.

SECTION 6

QUALIFICATIONS & DUTIES OF PARTICIPATING EMPLOYERS

- A. An employer who is eligible to train apprentices shall be signatory to the local CBA, comply with the qualifying requirement as set forth in the basic labor agreement and be able to provide the necessary work experience for training as determined by these training standards. Participating employers must comply with all provisions of the apprenticeship program including the registered Standards of Apprenticeship, the Affirmative Action Plan, and Selection Procedures, and the policies and rules of the JATC. The employer shall only employ apprentices who are registered with the Nevada State Apprenticeship Council. Employers shall contribute to the Southwest Carpenters Training Fund at the rate established by CBA.
- B. While the apprentice is on the jobsite it shall be the responsibility of the Employer to provide to the apprentice a safe and healthful workplace as outlined in the OSHA Act and conditions of employment and work assignments that the apprentice can safely perform.
- C. The employer shall assign journey level --CARPENTER-- workers to adequately train and supervise the OJT training of the apprentice. Using the work assignments available, the employer shall see that the OJT training of the apprentice is based upon the work processes outlined in these Training Standards.

SECTION 7

TERM OF APPRENTICESHIP

- A. The Term of Apprenticeship for the ~~CARPENTER~~ classification named in these training Standards shall be approximately four (4) years, during which time the apprentice will participate in a minimum of 5,200 hours of work experience of reasonably continuous supervised on-the-job training (OJT). The JATC shall review participation in all of the work processes as outlined in Appendix A – “Work Processes Schedule and Related Instruction Outline” of these Standards.
- B. The apprentice shall participate in a minimum of 144 hours of related training per year. These hours are to be completed outside the normal work hours.

SECTION 8

WAGES

- A. Apprentices shall be paid a progressively increasing schedule of wages and fringe benefits, during their apprenticeship. Apprentice wages and fringe benefits will be in accordance with the provisions of the apprenticeship program and the Collective Bargaining Agreement. Increases shall be subject to satisfactory progress on the job and satisfactory progress or completion of related instruction. The entry wage shall not be less than the minimum wage prescribed by the NAC 610.485, where applicable, unless a higher wage is required by other applicable Federal law, State law or respective regulations. Apprentices will be advanced to the next pay level upon successful completion of related instruction and work experience as predetermined by the JATC. The CBA, or any changes to the CBA, affect these Standards at the date the contract becomes valid. The advancement of an apprentice may also be determined, as outlined in Section 20 – “Advancement of Apprentices”.
- B. Apprentices covered by these standards receive a percentage of the journey-worker wage negotiated for the geographical area covered by the local standards, dependent upon each apprentice’s level in the program. Five (5) pay upgrades are in the four-year specialty program. The percentages (based on journey-worker scale) for advancement in the program are listed below. The “Apprentice Pay Grades” must be made part of the local CBA(s).

Recommended Pay Grades: The progressive percentages are to be based on OJT hour periods of the apprenticeship term as follows:

Four-year Program Wage & Advancement Chart			
Level	OJT Min. Hours	RTI Class Units	Wage Rate
1st	0 - 599 hours	0 - 1	50%
2nd	600 - 1299 hours	2-3 Units	60%
3rd	1300- 2599 hours	4 Units	70%
4th	2600 – 3899 hours	8 Units	80%
5th	3900 – 5199 hours	12 Units	90%
Journeyman	5,200 – 8,000	16 Units	100%

- C. Because an apprentice may work under more than one CBA during the course of an apprenticeship, the apprentice’s actual wages may vary. The apprentice’s wages will be based on the CBA in force at each jobsite.

SECTION 9

EQUAL EMPLOYMENT OPPORTUNITY PLEDGE

- A. The recruitment, selection, employment and training of apprentices during their apprenticeship, shall be without discrimination because of race, color, religion, national origin, sex, age, disability, sexual orientation, or any other classification protected by Federal, State or Local law. The JATC will provide reasonable accommodation to individuals as required by federal, state, or local disability law. The JATC will take affirmative action to provide equal opportunity in apprenticeship and will operate this apprenticeship program as required under Title 29, Code of Federal Regulations, Part 30, as amended, Nevada State Plan for EEO, and other applicable laws and lawful regulations.
- B. As part of this pledge, the JATC shall implement into the training program education regarding illegal discrimination and sexual harassment.

SUMMARY COMMENTS:

APPENDIX B - AFFIRMATIVE ACTION PLAN

AFFIRMATIVE ACTION PLAN

I. Equal Employment Opportunity Pledge

- A. The recruitment selection and referral of apprentices by the JATC and the Southwest Regional Council of Carpenters shall be without discrimination because of race, color, religion, national origin, sex or sexual orientation. The Southwest Regional Council of Carpenters and the JATC will provide Equal Opportunity in Apprenticeship and will conduct the selection of individuals for apprenticeship in the Apprenticeship Programs as required under Title 29 of the Code of Federal Regulations, Part 30, and the Equal Employment in Apprenticeship as outlined in the Apprenticeship Regulations of the Nevada State Apprenticeship Council, Office of the Labor Commissioner as written, and as may be amended.
- B. The affirmative action responsibilities of the JATC not only apply to the recruitment and selection of apprentices, but also to the employment and training of apprentices throughout their apprenticeship. In its Affirmative Action Plan, the JATC pledges to uniformly apply all rules and regulations, including but not limited to equality of wages, period advancement, promotion, assignment of work, performance evaluation, rotation among work processes of the trade, imposition of penalties and other disciplinary action, awarding of credit, and all other aspects of the program operation.

II. Analysis and Establishment of Goals

- A. The JATC will conduct consistent periodic review of women and minority statistics in the labor market for the State of Nevada to determine if deficiencies exist. The statistical factors used in the analysis to determine whether there is an underutilization of the available workforce will include:
 - (1) The size of the working age minority and female (minority and nonminority) population in the program labor market area for the State of Nevada.
 - (2) The size of the minority and female (minority and nonminority) labor force in the program labor market area for the State of Nevada.
 - (3) The percentage of minority and female (minority and nonminority) participation as apprentices in the particular craft as compared with the percentage of minorities and women (minority and nonminority) in the labor force in the program labor market area for the State of Nevada.
 - (4) The JATC will compare the percentage of minority and female (minority and nonminority) participation as journeypersons employed by the employer or employers participating in the Apprenticeship Programs with the percentage of minorities and women (minority and nonminority) in the State of Nevada labor market area covered under the CBA and will identify the extent to which the program may be expected to

correct any deficiencies through the achievement of goals and timetables for the selection of apprentices (see Attachment A, Analysis Worksheet), and

- (5) The general availability of minorities and women (minority and nonminority) with present or potential capacity for apprenticeship in the program sponsor's labor market area.

III. Outreach Activities

- A. The JATC agrees to provide equal opportunity, and to engage in affirmative action including taking part in activities to recruit, encourage and retain women and minorities in the apprenticeship program. These "outreach" actions shall be conducted by area Coordinator and other individuals as needed to attain established goals.
- B. Furthermore, to ensure that effective outreach is actually taking place, responsible parties of the JATC shall identify groups and community activities that are specifically intend as programs to promote recruitment of individuals for entrance into the construction trades, and will routinely interact with these programs.
 1. Public Notice of Apprenticeship Openings
 - a. Dissemination of information must be made twice a year (once every six months).
 - b. Notice shall contain minimum qualifications
 - c. Notice shall contain dates, time and location for making application
 - d. Newspaper advertisements must be published semi-annually (every six months). Ads shall include the same information as stated in c and d above.
 - e. Notice shall be sent to Registration Agency (Nevada State Apprenticeship Council, Office of the Labor Commissioner)
 - f. Notice Shall be sent to community-based organizations
 2. Participation in annual workshops conducted by employment service agencies for the purpose of familiarizing school, employment service and other appropriate personnel with the apprenticeship program.
 3. Cooperation with school boards and vocational education systems to develop programs for preparing students to meet the standards and criteria required to qualify for entry into the apprenticeship Programs.
 4. Internal communication of the Apprenticeship Committee' equal opportunity policy should be conducted in such a manner to foster understanding, acceptance, and support among the Apprenticeship Committee's various officers, supervisor, employees, and members to encourage such persons to take the necessary action to aid in meeting its obligation under Title 29, CFR Part 30.
 5. Engage in programs such as outreach for the positive recruitment and preparation of potential applicants for apprenticeships; where appropriate and feasible, such programs shall provide for pre-testing experience and training. In initiating and conducting these programs, the Apprenticeship Committee may be required to work with other sponsors and appropriate community organizations. The Apprenticeship

Committee shall also initiate programs to prepare women and encourage women to enter Apprenticeship Programs.

6. Encourage the establishment and utilization of programs of pre-apprenticeship, preparatory trade training, or others designed to afford related work experience or prepare candidates for apprenticeship. The JATC shall make appropriate provisions in its affirmative action plan to assure that those who complete such programs are afforded full and equal opportunity for admission into the apprenticeship program.
 7. Utilize journey-workers to assist in the implementation of affirmative action in the apprenticeship program.
 - a. Notices, posters and brochures used in recruitment campaigns targeting women and minorities will be available to disseminate to journey-workers at local unions.
- C. Recruitment materials shall be produced as a means of disseminating the apprenticeship opportunities and application process. The types of information shall include the nature and job skills of apprenticeship, requirements for admission, the sources for procuring applications, and the equal opportunity policy of the JATC. These materials shall be made available at each training location and local union, as well as provided to the groups and outreach programs identified as part of this affirmative action plan.
- D. A review of the outreach activities and results of such activities will be including as part of the annual review of the affirmative action plan. If in the process of the review, new goals are set, the JATC may encourage increased participation in outreach activities and/or seek additional programs as sources to improve the annual results.

IV. ANNUAL REVIEW OF AFFIRMATIVE ACTION PLAN

The JATC will make an annual review of its current Plan and its overall effectiveness and institute any revisions or modifications warranted. The review will analyze (independently and collectively) the affirmative action steps taken by the JATC for evaluating the positive impact, as well as the adverse impact in the areas of outreach and recruitment, selection, employment, and training. They will work diligently to identify the cause and affect that result from their affirmative action measures. The JATC will continually monitor these processes in order to identify the need for a new affirmative action effort and/or deletion of ineffective existing activity (ies). All changes to the Plan must be submitted to the Registration Agency for approval. The JATC will continually monitor the participation rates of minorities and women in the apprenticeship program in an effort to identify any type of underutilization.
